

PROTEST AGAINST PLAYING RINCERS

THE WISCONSIN-CHICAGO GAME MAY NOT TAKE PLACE.

Several Members of the Latter Club Are Objectionable—They Are Disqualified Under the Four-Year Rule—Athletic Council Has Not Yet Acted in the Matter.

Madison, Oct. 31.—There is still danger that the football game between Chicago and Wisconsin universities may not take place. It is now said Wisconsin will protest against several of the Chicago football players before the game, and Wisconsin may refuse to play if Chicago insists on playing the objectionable men. None of the athletic authorities here will say anything for publication and the best information obtainable is that the men who will be protested are Rogers, Cassels and Allen, though some others may be included. Several students here have been making a quiet investigation for several weeks and they are said to be in possession of ample proof that some of the Chicago players have no right to be in the game.

It is certain that some action of this kind is contemplated and it may prove more important than the protest of a few men. What the charges are against Allen and Cassels cannot be learned. Rogers will be objected to on the ground that he played for years on the Beloit college team and is disqualified under the four-year rule. Rogers was graduated from Beloit, it is said, in 1897. His defense is that he did not play in 1894, but the Badger football authorities are reported to have the statement by Prof. Harding, of Minnesota, the former member of the Minnesota team, that he played against Rogers in the Minnesota-Beloit game of that year. Rogers is a son of Alexander Rogers, of Wauwatosa and is a divinity student at Chicago.

The Wisconsin Athletic council, through which the protest must be made, has not acted yet, but is expected to consider the charges this week. Neither Manager Fisher or Capt. O'Dea would say anything about the affair to-night, but Dean Birge of the faculty, chairman of the Athletic council made the following statement: "Nothing has been brought before the Athletic council against either Rogers, Cassels or Allen, and nothing has ever been said in the council about them. If any objection is made to these or any other Chicago football players it would have to be made through the council."

Will Play Cincinnati.

Cincinnati, Oct. 31.—Manager Dalton, of the football team of the University of Cincinnati, announces that he has practically completed arrangements with the University of Wisconsin for a football game December 3. The Wisconsin manager has agreed to the date and it is now only a question of monetary consideration. The Badgers have asked a large guarantee, but Manager Dalton will not grant it.

MOONSHINERS SEEK REVENGE.

Militia Ordered Out in Arkansas to End War on Informers.

Little Rock, Ark., Oct. 31.—Trouble has again broken out between the moonshiners and informers in Cleburne county, and 100 illicit distillers have banded themselves together to get revenge on those who informed on them last winter, when the wholesale arrests were made.

Information reached here that the moonshiners, who are located in one of the remotest sections of the state, are burning the property of citizens, plundering their homes and compelling them to flee the country. Complaint was made to the local authorities and Gov. Jones has ordered three companies of the militia to the scene.

The moonshiners are retaliating for the action of the informers a year ago in giving them up to the United States marshals.

Exposition Official Arrested.

Omaha, Neb., Oct. 31.—A sensation has developed in the department of exhibits at the Transmississippi Exposition, growing out of the arrest of H. B. Hardt, assistant manager of that department. Hardt denies the charges, and in turn declares he will make some counter charges that will cause move of a sensation than his arrest. In the meantime a large number of exhibitors representing interests in all parts of the country are crying fraud and a readjustment of awards, which they boldly assert Hardt manipulated for value received last week.

Kidd Case Nearing an End.

Oshkosh, Wis., Oct. 31.—The case of the state of Wisconsin vs. Kidd et al., in which Thomas I. Kidd, secretary of the International Woodworkers' union, and two local labor leaders, George Zentner and Michael Troiber, are accused of conspiring to injure the Paine Lumber company, will go to the jury Wednesday or Thursday. The information in the case is based upon events of the woodworkers' strike that occurred here last summer. The taking of evidence has been completed and the arguments of counsel are now in progress.

HE WAS KIND TO HIS WIFE

Frank Bier Denies Her Accusations of Cruel Treatment.

Frank Bier, of the town of Harmony, whose wife was today sent to the hospital for the insane at Mendota, denies the statement made by the woman and some of his neighbors that he treated her with cruelty. He says he always treated her with uniform kindness at all times, though frequently very much put out by her eccentricities. She had frequently left her home for days and weeks at a time, and her many absurd notions were a source of great annoyance to Mr. Bier. The latter feels greatly the trouble that has befallen him, and regrets the mental alienation of his wife who, aside from her queer pranks, was an excellent woman.

Washington, Oct. 31.—[Special]—Secretary Kerr, of the democratic committee, has prepared a general statement in which he claims the democrats are sure to elect more members of the house than the republicans. BULLDOZE THE BLACKS

North Carolina Whites Threaten to Prevent Negro Citizens From Voting.

Wilmington, N. C., Oct. 31.—[Special]—The race war crisis that is expected to culminate at the polls next week continues. Nearly every merchant in town has armed his employees and the democratic campaign orators are openly advocating a dose of bullets for every colored man that attempts to vote.

William Hyde Passes Away.

St. Louis, Mo., Oct. 31.—William Hyde, one of the pioneer newspaper men of the west, died at his home in this city Sunday of heart disease. He was born in Lima, near Rochester, N. Y., in 1836, and embarked in the newspaper business in Belleville about the time Stephen A. Douglas was making his famous campaign. Later he was the Springfield (Ill.) representative of the Missouri Republican, now the St. Louis Republic, remaining with the paper for 27 years, latterly as managing editor.

Abandon Hope for the Doty.

Chicago, Oct. 31.—All hope has been given up by those interested in the steamer L. R. Doty. It is now accepted as practically certain that the vessel, with all on board, sank beneath the muddy waters of Lake Michigan. The three tugs which the Independent line sent out to discover, if possible, traces of the missing vessels, have about abandoned the quest. The waters of the lake have been scanned in vain for traces of wreckage which might have made part of the doomed craft.

May Bring Dreyfus Home.

Paris, Oct. 31.—Paris has shown little excitement over the Dreyfus decision, and even the prisoner's friends are now well satisfied with the court's action. Although the liberation of Dreyfus has not been ordered, the court of cassation can have him brought to France at any moment and will probably do so at an early stage of the inquiry. The court refrained from ordering his release Saturday because it would have been a presumption of his innocence.

London Visited by a Cyclone.

London, Oct. 31.—During a severe storm Saturday night a small area, about half a mile square, around Denmark hill, Camberwell, London, was visited by a veritable cyclone. Cabs were overturned, windows, doors, lamp posts, trees and chimneys were blown down and a number of houses unroofed. Many people were injured by flying debris, which also did immense damage to property.

MAYER THE FORGER TALKS BUT LITTLE

CASHIER BINGHAM POSITIVE AS TO IDENTIFICATION

Mayer Is Regarded As a Smooth One, And He Believes in Keeping Things to Himself—Chief Hogan Recognizes Him As Being Here a Short Time Ago—Prison Awaits Him.

Edgar N. Mayer, the forger, who is now occupying a cell in the Rock county jail, and whose arrest in Chicago was noted in The Gazette of Saturday evening, has but little to say regarding the alleged crime. He spent the most quiet and dreary Sunday yesterday in jail here that he says he has gone through in many years. He is charged with having been the accomplice of William Gentry in forging drafts on banks at Oshkosh and Janesville, Wis.; Fremont, Neb., and other places.

Gentry is also under arrest at Oshkosh, where it is said he confessed to two crimes in that city, but later decided to plead not guilty.

Mayer was arrested at the Great Northern Hotel, in Chicago, on Friday night.

Cashier Bingham, of the Bower City bank, who identified the prisoner in Chicago Saturday as the same man who presented the bogus check at the local bank, is positive that he is not mistaken in his identification.

Chief Hogan also says he talked with Mayer here in a local restaurant a short time prior to his leaving for Chicago.

At the Bower City bank Mayer is said to have presented a forged check for \$220 which was cashed on Monday, Oct. 24. Mayer came to this city last Sunday from Milwaukee. The following day he presented the check. It was drawn on the Wisconsin National bank of Milwaukee and was signed by C. E. Burdett and made payable to his order. On the back it was endorsed by "C. E. Burdett" and "James Shearer," the latter of this city. So clever was the forgery that the money was handed out without a question, and he left the city.

Mayer since his arrest has told some conflicting stories, and denies he has been connected with the forgeries. He says he met Gentry at the Palmer House when he came west, and as he had known him in the east, the two became associates.

The mode of procedure of the two men was first to write a letter to a director of a bank, signing the name of a business man and requiring an answer. Checks or drafts against the bank were then forged and endorsed "with the director's signature."

WHITEHEAD AS PRESIDENT

Chosen For the Fourth Time At the Head of Y. M. C. A.

At the annual business meeting of the Y. M. C. A. of the state of Wisconsin held at Waukesha Saturday afternoon Senator John M. Whitehead, of this city, was for the fourth time chosen as state president. That he has filled this important office to the credit of himself and the association is a fact too well known to need any comment.

At the Waukesha meeting yesterday the thirty-one delegates from here were in attendance, and the band won loud applause on all sides for its good work. The local delegation returned home this morning.

Will Sell to Government.

Boston, Mass., Oct. 31.—The hospitalship Bay State, which was fitted out by the Massachusetts Volunteer Aid association at a cost of about \$100,000, is to be sold to the war department. When the vessel arrived Saturday with 150 sick Massachusetts soldiers only about forty from this state were left behind at Ponce, and the association did not deem it advisable to send the ship back.

CUBANS GETTING INSUBORDINATE

QUARRELING OVER THE RIGHT TO HOLD OFFICE.

Rios Wants Officers Dismissed by Gen. Wood—Troubled Fears From the Itch For Office—Raising the Spanish Warships—Battleships Go to Manila.

Washington, Oct. 31.—[Special]—It appears that the same incapacity for self government that has characterized all Spanish-American republics is to interfere with the settlement of affairs in Cuba. There is already an intense rivalry between the factions as to who shall hold the offices in the province of Santiago and Gen. Wood has been appealed to by each. Rios told Gen. Wood he wanted the Mayor of Manzanillo, one of Rabi's faction, dismissed and his own man appointed to the mayoralty. General Wood asked on what grounds the dismissal could be sustained, to which Gen. Rios only replied that his own nominee was entitled to the position because he was a Rios man. The interests of the city and the locality were apparently minor considerations in his mind. But this appears to be the case everywhere among the Cuban insurgents.

CLAIMS THE PHILIPPINES.

American Commissioners Take the whole Group and Part of the Debt.

Paris, Oct. 31.—[Special]—The joint peace commission after a session lasting an hour today, adjourned till Friday to give the Spaniards time to prepare a reply to the American note on the Philippine question. The note presented by the Americans announces the purpose of the United States to take the entire group and to assume that part of the debt which was contracted for the benefit of the islands. The United States refuses to assume any part of the debt which was contracted in the effort to suppress the insurrection.

Washington, Oct. 31.—[Special]—The state department has received a cablegram from Judge Day that the peace commissioners met today and that the Americans presented their demands for the taking of the entire Philippine group, and had granted until Friday for the Spaniards to prepare a reply.

SPAIN WANTS CASH

Willing to Sell Her Inland Possessions to Uncle Sam.

London, Oct. 31.—A dispatch to the Central News from Madrid by way of Bayonne says that "Senor Montero Rios, president of the Spanish peace commission, has informed the government that it is impossible to agree with the American delegates and that it is, therefore, useless to continue the discussion."

Spain's Stabbing Attitude.

Paris, Oct. 31.—It is necessary to repeat that the danger of a complete rupture of the peace negotiations is very grave.

The Spanish commissioners are still officially ignorant of what the American demands will be in regard to the Philippines, but unless these demands are much more lenient than even the Spaniards themselves anticipate, an agreement will be impossible, and the conference will come to a speedy end. It can be said positively that if the

United States proposes to annex the archipelago without paying more than the amount of the Philippine debt, Spain will withdraw from the conference.

Spain will declare that she is at the mercy of "rapacious conquerors." She will refuse to resist any coercion that America may apply, and will beseech Europe to "put a check on American greed."

While certain European powers will doubtless protest against the attitude of the United States, there are no indications at present that they are prepared to go farther. No European power would venture single-handed to fight the United States for the sake of Spain, and the circumstances are not at present favorable to forming a hostile combination, although that is often suggested in high quarters outside of Great Britain. Such a combination against America is always possible on the continent of Europe, but does not just now seem probable.

But with Spain taking the position indicated the United States will then have the unpleasant task of enforcing its demands. Spain has nothing to lose by putting America in this position. Europe would protest against any interference with the integrity of the peninsula, and Spain has little else to lose.

The fact remains, and it is useless to deny it, that the only means by which it is possible for the United States to secure the Philippines through a treaty of peace signed by the present Spanish government is by agreeing to pay Spain a large sum above the amount of the Philippine debt. The present Spanish government will stand or fall on that proposition.

Spain takes the position that she cannot give up the Philippines unless she receives compensation that will enable her to satisfy in some degree her clamorous creditors and avert absolute national bankruptcy. The Spanish government is playing a desperate game for what are to Spain the most vital stakes. Spain says she must have money, and in order to appease her French creditors she stands on the interpretation, adverse to the United States, put on the protocol by the French foreign minister.

Spain will virtually say to the United States that she must be kicked out of the Philippines. That will not be a difficult task, but Spain relies on the kicking-out operation to excite the sympathy of Europe against the United States. Spain's last desperate hope is a combination of Europe to protect her. She will hold out her hands to Europe, saying: "We do not resist, yet America refuses to be merciful." That is Spain's game. It will fail if the American people are resolute and united. But it may be necessary to let Spain have a revolution and settle her other troubles before a treaty of peace can be obtained.

WILL EVACUATE FASHODA.

France Expected to Withdraw Marchand Without Conditions.

London, Oct. 31.—All the newspapers of London and Paris expect the evacuation of Fashoda by Maj. Marchand's expedition. It is not expected that Great Britain will make any compensation to France for the evacuation, but Sir Matthew W. Ridley, secretary of state for home affairs, in a speech admitted that France had a right to commercial access to the Nile, and that it would also be permissible at a future date to negotiate concerning a delimitation of the French and British frontiers in Africa.

Congratulations by Dewey.

Philadelphia, Oct. 31.—Mayor Warwick Sunday received the following cablegram from Admiral Dewey in response to the one extending to him Philadelphia's congratulations on the occasion of the city's peace jubilee and regretting his inability to take part in it along with the other heroes of the war:

Manila, Oct. 30.—Charles F. Warwick, Mayor, Philadelphia:—The officers and men of the squadron under my command join me in thanking you for your kind message, and we congratulate you and the city of Philadelphia upon the success of great celebration.

Washington, Ind., Oct. 31.—Lon Ragsdale, manager of the striking coal miners' commissary store, and Richard Robmeister, a leader of the striking coal diggers, are under a physician's care, as a result of a serious shooting affray which occurred in Meridian street shortly before noon Sunday, and a non-union miner named Austin Koehler is under bond charged with shooting the men with intent to kill. The trouble is the outgrowth of bitter feeling which has for over a year existed between the two factions of coal-mine laborers.

HOLDS ITS SILVER JUBILEE

All Saints' Cathedral in Milwaukee Will Celebrate Next Week.

Milwaukee, Oct. 31.—For twenty-five years All Saints' Episcopal Cathedral has stood as the see church of the Bishopric of Milwaukee. The silver jubilee will be celebrated next week by the congregation, and at the same time the cathedral, now for the first time clear of debt, will be consecrated with all the pomp and circumstance which an elaborate ritual will allow. All Saints' has come to be recognized as one of the highest of high churches, and the consecration ceremonies will be enriched with all the ornate ceremonies of which the ritual is capable. The vestments of the cathedral clergy have been known far and wide for their richness, the robe alone of Bishop Nicholson representing a value of \$3,000. It is well that these facts be borne in mind in order to properly appreciate what the beauty of the services of the coming week will be. From a churchly point of view they will be the most elaborate and important of any that have been held in many years.

FORECAST OF WEATHER

Chicago, Oct. 31.—[Special]—Forecast for Wisconsin:

Generally fair and warmer, tonight, Tuesday.

Re-enforcing Pacific Fleet.

Vancouver, B. C., Oct. 31.—Activity is increasing in the navy-yard at Esquimalt. Warships are being rapidly overhauled, while marines and blue-jackets are hurrying across Canada from England to swell the fleet to the full complement of men for war times. The officers do not deny that all this activity is in preparation for a possible war with France. If war comes they think the policy of Great Britain will be to strike France in a dozen places at once.

Negroes Are Diplomatic.

Norfolk, Va., Oct. 31.—Reports from the eastern portion of North Carolina contiguous to the Atlantic coast and Norfolk are to the effect that the extreme rancor prevailing between the races in other portions of the state is, while less known, quite as strong there. Trouble before or upon the day of election is feared, and both negroes and whites are armed. The negroes are reported to be acting very diplomatically and determined not to be the aggressors.

Sick Soldiers at Old Point.

Newport News, Va., Oct. 31.—A hospital train of thirteen coaches bearing 150 convalescent soldiers passed through the city Sunday morning enroute from Jacksonville to Fort Monroe. On reaching Old Point Comfort the sick men were transferred to the Josiah Simpson hospital, which is now nearly full. They represent about all of the volunteer regiments at Camp Cuba Libre, and are suffering principally with fevers.

STROVE FOR HONOR
ON THE GRIDIRONWHITEWATER NORMAL TEAM
BEATEN BY JANESVILLE

The Play on the Part of the Local Team Was Vigorous and Daring—Some Hard Work Done—The Score at the Close Stood 39 to 0.

The second eleven of the Whitewater Normal school suffered defeat at football on Saturday, the first eleven of the Janesville High school being their opponents. The score was 39 to 0. One of the visitors was badly injured in a rush, his neck being cut and his spine injured, and several others went home limping.

From the start the Janesville boys had the best of the game. They made their customary kick against some of the players in the visiting team, one of whom, they alleged, was in the first eleven. If such was the case the Whitewater team did not profit by the ringer, for at no time during the game were they in danger of scoring. Their line was weak and was broken with the greatest ease.

The Janesville team played a strong game throughout. No sooner had the ball been put in play than Pitcher went over the ground for the first touchdown. Soon afterwards Casford made the second touchdown, while the third and most sensational one was made by Carpenter, who broke right through the opposing line and ran half the length of the field. Carpenter and Casford both crossed the line again in the first half, Casford's touchdown being the finish of a long and pretty run. Carpenter kicked through five of the goals and the score at the end of the first half was 28 to 0. In the last half the Janesville team did not try to run up the score, but experimented with new plays. Carpenter succeeded in making a beautiful drop kick from the field and Atwood made his first touchdown. Carpenter kicking the goal. These were the only points scored but there were numerous pretty plays and many long runs by nearly every member of the team. Carpenter made two elegant punts and Nott broke through and followed the ball up the field, downing the player who caught it in his tracks. The ball was slippery and unmanageable but there was practically no fumbling. The home team put up a brilliant game in every respect.

The line-up was as follows:

Janesville.	Position.	Whitewater.
Jerg...	Quarterback	Groon
Arwood...	Center	Gill
Murwin...	Left Halfback	Shute
Nott...	Right Halfback	Hauptman
Smith...	Fullback	Porter
Carr...	Linebacker	Egbert
Bonesteel...	Linebacker	Sveinsson
Burns...	Linebacker	Stratman
Casford...	Linebacker	Brownell
Pitcher...	Linebacker	Hastings-Harris
Carpenter...	Linebacker	Potter-Jones
Referee—Arbuthnot, Janesville.	Umpire—Harris, Whitewater.	Linekeepers—Kimball and Millmore, Janesville.

On Saturday next the long talked of game between the Madison High school team and the local eleven will take place at Athletic park. The Madison team has the reputation of being the strongest in the state. It has never been defeated in the past three years; neither has the Janesville team. The meeting of these two champion clubs will therefore be a notable event on the gridiron, and cannot fail to awaken a great deal of interest among lovers of the game.

WILL AFFORD A RARE TREAT

"The Moth and the Flame" Will Be Seen Here If the People Want It

The people of Janesville will have an opportunity, if they desire, of hearing one of the best dramatic companies in the country in the great drama, "The Moth and the Flame." The play was produced at the Powers theater in Chicago on the opening night, and scored a great hit, the very capable critics of the city press pronouncing it one of the best dramas ever placed upon the stage. played by a company of extraordinary merit. The Evening Post says: "It is a more commendable bit of stagecraft than we have seen revealed by the Frohmans or Palmer, who in their time dealt out society plays with a lavish hand."

The supporting company is spoken of in terms of the most unstinted praise, while the scenery and costuming leave little to be desired; when it is remembered that all the belongings of the organization were burned in a warehouse fire recently, it is in order to ask how the plant was replaced in so short a time. The opportunities for display of costumes are many, and they are eagerly seized, as should be the case in society plays. Three beautiful sets render the background for each act a fine picture; the tableaux are agreeable to the eye.

Manager Myers is now negotiating for this production. It can be secured for Dec. 1, but in order to bring it here Mr. Myers is obliged to give an unusually large guarantee. He has decided to open a subscription sale of seats on Tuesday next, Nov. 1, and if the people of the city want the privilege of seeing the drama there must be a sufficient sale to recoup the management for the extraordinary risk run in bringing the company here. The result of this will determine whether or not Janesville appreciates first class dramatic entertainments.

LAST DAY FOR
REGISTRATION

ALL VOTERS MUST SEE THAT THEY ARE REGISTERED.

Boards Will be at the Polling Places Till Nine O'Clock—Those Who Want to Vote Without Hindrance Must be Recorded on the Books.

The boards of registry in the several wards of Janesville will meet tomorrow morning at 9 o'clock and remain in session until 8 o'clock in the evening for the purpose of correcting and completing the registry list. This is to be the last session of the boards. It will be necessary for persons wishing to vote at the approaching election, in order to avoid on election day the trouble of swearing in their votes and backing their oaths up with the affidavits of two free holders, residents of the precinct, to appear in person before the board or send in an affidavit that they are eligible for registration. Minors who will become of age before the day of election, but who are minors, when the board is holding its last meeting, may have their names placed on the list and be entitled to cast a ballot.

GENUINE COLORED MINSTRELS

Oliver Scott's Company Will Give a Show Thursday Evening

The attraction at the Myers Grand, Thursday, Nov. 3, will be Oliver Scott's Refined Negro Minstrels, introducing a large and competent company of colored performers, singers, dancers and specialists. Mr. Scott has succeeded in securing the pick of the colored profession, and will present a performance entirely different from any other colored company in America. After the first parts or overture, which is said to be the most elaborate and expensive first part ever presented by a minstrel company, comes the olio, in which the high-classed specialties are introduced: Marsh Craig, the human corkscrew, who is said to be the most wonderful contortionist of the age; Mr. Harry Hart, John Rucker and Harry Fidler, the kings of minstrel comedians; the Reed Bros., the greatest living colored acrobats; the Great McCarver Bros., and a dozen others of equal merit go to make up the largest and most expensive colored company ever organized to travel. Manager Myers states that this is the best colored minstrel company in America, and trusts that his patrons will turn out and give this great company a rousing house.

The band and orchestra with Oliver Scott's Refined Negro Co., is not by any means one of the least important features. It can be said without any fear of contradiction that it is the best colored musical organization ever put together. Mr. R. N. Thompson, director of the band, and Mr. Frank Hailstock, director of the orchestra, are both educated musicians of great ability, and have an unusually good set of musicians under them. The trombone solos of Mr. Fred Simpson, and the cornet solos of Mr. Thompson, are features of the every day concert.

COMING SOCIAL FUNCTIONS

This Week Will Be a Gay One For the Bower City

The Imperial band will give a dancing party at the Armory tomorrow evening.

The United Commercial Travelers held the first of a series of socials at East Side Odd Fellows' hall Saturday evening and it proved a delightful affair. These socials are to be given every month during the winter.

The second of the series of dances to be given by the East Side Odd Fellows will be held on Thursday, Nov. 3. All holding invitations cordially welcome. Smith's orchestra.

The Coterie club will give a swell ball at the Armory on Monday evening, Dec. 26. The Imperial band has been engaged to play the two-steps and Smith's orchestra the waltzes.

An invitation party will be given at La Prairie Grange hall on Nov. 17. Smith's orchestra will play and many from this city will attend.

Dreadfully Nervous. Gests.—I was dreadfully nervous and for relief took your Karl's Clover Root Tea. It quieted my nerves and strengthened my nervous system. I was troubled with constipation, kidney and bowel trouble. Your tea soon cleansed my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. INTERESTS LOCAL MINISTERS

Western Railroads Are More Liberal With the Clergymen.

Clergymen who receive half-fare permits from western roads next year will be permitted to use them over a much wider territory. They also will be obliged to pay one dollar to cover the expense of issuing the permits, instead of fifty cents, as at present. This was decided upon at a recent meeting in which the lines of the Western Passenger association and the Southwestern Passenger association participated. It was agreed that the two should issue a joint permit good over the territory of both organizations. As this involved the handling of permits by the officials of both bureaus, the fee issuance was increased.

WILL STAND BY THE COLORS

Republicans Should Not Let the Opposition Dodge Its Responsibilities.

You must remember the terrible business and financial depression that this country has passed through since 1893? You and I have suffered from it through loss of work, low wages, poor markets for farm products, or stagnant business.

You do not forget that immediately after the great republican victory in 1896 times began to improve, and that within the past six months, notwithstanding the set-back which the war gave business, the outlook for good times has been more promising than ever before.

You believe and I believe that the most important factor in bringing good times was the enormous republican vote in favor of honest money.

Now, can't you see that the democratic party this year is just as strongly for free silver and repudiation as it was in 1896?

Can't you see that a vote for a free silver man (and every democratic candidate this year is a free silver man) is a vote to unsettle the country again on the money question, and undo much that the election in 1896 did?

Isn't it clear to you that what this country needs today is a rest from this continual discussion on the money question, and a chance to attend to business?

A vote for any man on the democratic ticket in Wisconsin this fall is a vote to open again this money question, and consequently—

It is a vote for lower wages and less work for working men.

It is a vote for poor markets and low prices for farm products.

It is a vote for stagnation in business, and financial disturbances.

See to it that you go to the polls on election day, and that your friends go, and vote the straight republican ticket.

THE ILLS OF WOMEN

And How Mrs. Pinkham Helps Overcome Them.

Mrs. MARY BOLLINGER, 1101 Marlanna St., Chicago, Ill., to Mrs. Pinkham: "I have been troubled for the past two years with falling of the womb, leucorrhoea, pains over my body, sick headaches, backache, nervousness and weakness. I tried doctors and various remedies without relief. After taking two bottles of your Vegetable Compound, the relief I obtained was truly wonderful. I have now taken several more bottles of your famous medicine, and can say that I am entirely cured."

Mrs. HENRY DORR, No. 806 Findley St., Cincinnati, Ohio, to Mrs. Pinkham: "For a long time I suffered with chronic inflammation of the womb, pain in abdomen and bearing-down feeling. Was very nervous at times, and so weak I was hardly able to do anything. Was subject to headaches, also troubled with leucorrhoea. After doctoring for many months with different physicians, and getting no relief, I had given up all hope of being well again when I read of the great good Lydia E. Pinkham's Vegetable Compound was doing. I decided immediately to give it a trial. The result was simply past belief. After taking four bottles of Vegetable Compound and using three packages of Sanative Wash I can say I feel like a new woman. I deem it my duty to announce the fact to my fellow sufferers that Lydia E. Pinkham's Vegetable remedies have entirely cured me of all my pains and suffering. I have her alone to thank for my recovery, for which I am grateful. May heaven bless her for the good work she is doing for our sex."

Fears a Panic in Germany.

London, Oct. 31.—The Standard, in its city article, says that between now and the end of the year many millions of pounds sterling borrowed in London and Paris for use in sustaining German industrial and commercial speculations may have to be paid back. This will put severe pressure on all German credit institutions. There may be no breakdown, but the end of the year will be a trying time to Germany.

STAND BY THE PRESIDENT

William McKinley, President and Commander-in-Chief of the Army and Navy of the United States, represents today honest money and the credit, prosperity and progress of the country as much and more than he did in the memorable campaign of 1896.

Stand by the president in every state in the Union! Vote for men who will vote to sustain him! Vote for republican candidates for congress, and for republican members of legislatures that will elect United States senators! Vote for every candidate identified with the president's party!—N. Y. Sun.

CANDIDATE SAWYER AND HIS PASS.

The Milwaukee Evening Wisconsin says: Here is an unvarnished statement of the relations of Judge Hiram W. Sawyer to the pass issue: Judge Sawyer had a pass. He had a right to his pass. He had fully earned it as a local attorney of the Chicago, Milwaukee & St. Paul railway. For years he had been content to use it knowing he had paid for it. It was not given to him for any personal favor, but as an employee. Yet after his nomination, through mistaken notions of policy, and in a spirit of truckling to a sentiment which he is unable to correctly interpret, he bought one of the general mileage books, which he has since been using on the St. Paul road as well as on others. He has made himself the laughing stock of men who detect the difference between humbug and honest devotion to principle. He is a shining reflex of the unconscionable and absurd convention at which he was nominated.

AMERICANS, NOT POLITICIANS

Judge Ryan calls attention to "such democrats as Admiral Dewey, Admiral Schley, Gen. Fitzhugh Lee and Gen. 'Joe' Wheeler, and the part they have taken in the war." Their records are all brilliant and Americans may well be proud of them but their democracy has nothing to do with the case. To begin with, Admiral Dewey, the "noblest Roman of them all," is a republican; Schley is a democrat but his political creed did not cause him to be tried by a court of inquiry when he undoubtedly should have been so tried for disobeying orders; General Lee is a democrat, but was made a major general by President McKinley because he was a soldier. The same is true of General Wheeler, so the political beliefs of these heroes cannot be taken into account. They did their duty as Americans, not as democrats or republicans, and Judge Ryan pettishly when he brings them into his political discussions.

Editor Usher, of The La Crosse Chronicle, the gold democratic organ, says: There seems to be no conspicu-

ous reason why a democrat who did not vote for Judge Willis O. Silverthorn two years ago, on a silver platform, should vote for Judge Hiram W. Sawyer this year on the same platform. Judge Sawyer is, personally, no more popular. He is not more able, and though he is undoubtedly a good citizen, against whom no personal charge would lie, he is in this respect in no sense the superior of Mr. Silverthorn.

The democrats are sadly demoralized. The national managers of the party insist that the silver question is the issue, while the managers of the states that repudiate Bryanism insist that the money question is a subordinate issue. The fact that the silver question is the issue cannot be hidden, however, and the democratic defeat is the inevitable result. The people will know what to expect from democracy, and empty mouthings will not mislead them. The voters are not the numbskulls that the democratic press seems to assume them to be.

This is the way it looks the Madison Democrat: "If Governor Scofield fails to get the solid soldier vote there will be another exemplification of the ingratitude that pervades politics, for surely no man in his position has evinced a nobler interest in the heroes of the Spanish war than he. Here he is, off to the national capital again, for their welfare just at a time when the average individual would remain at home and rustle for votes.

General Doe, in a political speech, asked the voters to "turn their eyes Madisonward" and see the "doodle book" etc. And when the people did so, a vision came up before their sight that Gen'l Doe had not counted on—the gaunt spectre of the Gen'l engaged in fixing up the roster deal.

When Judge Ryan, of Waukesha, spoke of the evil influence of the political rings, he probably meant the Sawyer ring that manipulated the democratic state convention, and nominated Judge Sawyer over Judge Ryan himself—the representative of the Rose ring.

The Milwaukee Journal suggests that beer be used to christen the battleship Wisconsin. Perhaps The Journal's idea is that as the ship is to ride "the foamy deep" something that will foam should be used in dedicating her to that element.

Gen. J. B. Doe's political speeches in which he attacks the war department, only serve to bring back the memory of the mahogany furniture, the chest full of flags, the red Russia leather photograph albums, the mahogany gun case, etc., etc., etc.

In case there is an unwillingness to use beer in christening the battleship Wisconsin, the Milwaukee Journal will probably find a few people in the Cream City who are willing to crack a bottle in dedicating a new schooner.

When Gen. Doe calls attention to the "doodle book" he doubtless means the roster, by which several people were most effectually doodled to the tune of a good many thousand dollars.

CELEBRATE THEIR GOLDEN WEDDING

SAMUEL D. CONANT AND WIFE THE HAPPY COUPLE.

Relatives and Friends Helped Them Honor the Event This Afternoon at Their North High Street Home—Were Married in Irasburg, Vermont—Are Well Known Here.

Fifty years ago this afternoon at 5 o'clock in the town of Irasburg, Vermont, Rev. Mr. Granger pronounced the words that united as husband and wife Samuel D. Conant and Miss Louise Pearson. This afternoon at 5 o'clock at their North High street home Mr. and Mrs. Samuel D. Conant celebrated their golden wedding anniversary surrounded by relatives and a few invited friends.

The happy event was in the nature of an afternoon tea, the spacious parlors being handsomely and tastefully decorated for the occasion, the decorations consisting of white chrysanthemums, golden rod and similar. At small tables the guests to the number of about fifty were seated, while in the dining room proper the bridal couple of fifty years ago were surrounded by their children and grandchildren.

A hearty couple Following the serving of tempting refreshments toasts were offered in honor of the occasion and the presenting of many handsome tokens followed. In spite of their advanced years Mr. and Mrs. Conant are today enjoying the best of health.

Mrs. Conant spent her girlhood days in the quaint town of Montpelier, Vt., where she was born on March 14, 1827. Mr. Conant grew to boyhood in the city of Irasburg, Vt., where he was born on Nov. 27, 1820. Soon after their marriage they came west and located in Janesville in the fall of 1854, where they have ever since resided, (a portion of the time being spent on a farm near the city limits,) commanding the respect of all.

A host of local friends extend most hearty congratulations. Among the guests present today from out of the city were: F. P. Conant and family, St. Louis; Rev. Henry Faville and family, La Crosse; Howard Tilton and wife, Council Bluffs; Rev. John Faville and wife, Appleton; Addison Wells and wife and M. M. Conant, Chicago.

MR. THRONE IS AN ABLE MAN Should be Retained As Superintendent of Schools For Many Reasons

David Throne, the republican candidate for superintendent of schools is a man of marked ability. The importance of this position should not be overlooked. The superintendent ought to be conversant with the work of the schools. Tact and energy are essential, and willingness to work at all times and also under all conditions must be exacted. Experience in the work is necessary to good results. David Throne fills all the requirements. No one was nominated against him by the democrats in 1896, which fact was a fitting recognition of his talents.

Mr. Throne has devoted twelve years to the common schools of Wisconsin, and one year in Illinois. He was appointed on June 15, 1893, to fill the vacancy caused by the resignation of H. C. Thom. He was elected in 1890, and reelected in 1892, 94 and 96.

The teachers of the state have recognized him by making him a member of the board of directors of the southeastern Wisconsin Association for 1893 and 94, and by electing him treasurer in 1895. The State Teachers' Association made him chairman of the Common School section in 1893; chairman of the County Superintendent section in 1896; member of the executive committee in 1894 and 1898; Advisory member of the Legislative Committee in 1894, and member of the legislative committee in 1895, '96 and '97. At present he is a member of the committee of six to report the condition of the common schools.

This record is one of which any man may feel proud, and that the people recognize true worth in Mr. Throne goes without saying.

Alva Russell and a party of friends from Beloit and Chicago have returned home after a seven weeks' outing in the pinery region of Barron county.

They report a thrilling time as the result of the forest fires in that locality, and at one time it was thought their entire camp would be destroyed. They saw plenty of deer, but say that the fires in Barron county have driven them elsewhere.

WONT TOLERATE HALLOWEEN PRANKS

POLICE WILL LOOK OUT FOR THE BAD BOYS.

Last Year the Small Boys of the Town

Raised Havoc In Many Parts—

Gates and Fees Suffered the Most

—Pumpkins Will Be In Demand as

Unusual.

If such a thing is possible the police

of this city intend to put a stop this

year to all lawlessness on the part of

the reckless youths who think that in

order to properly celebrate Halloween

they must tear up a few sidewalks and

pull down no less than a few dozen

fences.

Property owners say that this is car-

rying things too far, and that arrests

will follow if the practice is repeated

this year. But just what effect their

warning will have remains to be seen.

Halloween this evening comes with its

roystering and its hobgoblins. In re-

cent years the celebration of the day

has grown in America, and today it oc-

cupies a position equal to that held by

it in Scotland. It is the delightful com-

bination of mirth and mystery which

makes the night one of the most eagerly

anticipated of the whole year.

Perhaps nowhere in this country is

Halloween observed with so much inter-

est as in the south. The superstition

and mysticism so natural to the negro

has extended itself to a degree among

the young people who prepare for their

solemn rites, laughingly, it is true, but

all the same with a delicious shiver

down the vertebrae.

In Janesville and about the small

boys figure it as the time for pranks

and quips and merry jests, such as

tripping a comrade and throwing him

down three flights of stairs, smashing a

friend's silk hat or removing signs, or

perchance titillating the nerves of tim-

orous tenants by the tintinnulation of

their front door bells at unholy hours

of the night.

Pumpkins will be in demand, for of

the excavated gourds ghosts are made

and wild eyes, illuminated by the in-

teligence of candles, shine through the

murk and scare the superstitious into

spasms.

In fact, the evening before All Saints'

day is an avant courier of the feast of

All Fools, though why the consecrated

fathers should be treated with such

levity does not seem quite clear.

The custom of keeping the festival in

such an eerie manner has come down

from Scotland. Ploverman Burns told

all about all ago and its observance has

not had much of divagation in it since,

though the years have buried many oth-

ers not so wild and weird.

HEART DISEASE

Some Facts Regarding the Rapid Increase of Heart Troubles.

Do Not Be Alarmed But Look For The Cause

Heart troubles at least among Americans, are certainly increasing and while this may be largely due to the excitement and worry of business life, it is more often the result of weak stomachs, of poor digestion.

Real, organic heart disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by branches of the same great nerves, the sympathetic and pneumogastric.

In an anæmia way, also the heart is affected by that form of poor digestion which causes gas and fermentation from half digested food; there is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, makes it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can be done by the regular use after meals, of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug store which contain valuable, harmless, digestive elements in a pleasant, convenient form.

It is safe to say that the regular, persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

TO SETTLE TEMPLE.

Woman's Christian Temperance Union Soon Will Meet.

Chicago, Oct. 31.—Five hundred women, representing the Woman's Christian Temperance Union throughout the United States, will meet at St. Paul Nov. 11 in annual convention. Before adjourning they will dispose of two important matters. One is the Woman's Temple in this city, which, it is expected, will be abandoned by the organization with a final fight. The other important matter of business to come up will be the election of a successor to the late Miss Frances Willard as president of the national union.

From Friday until the following Wednesday evening the great convention will remain in session in St. Paul. The meetings will be held in the People's church, which is large enough to hold the crowd of outsiders which probably will be in attendance. Besides the delegates, appointed by the district unions in every state, there will be present a large number of other women who are members of the union and interested in the reports and discussions that are to occupy the attention of the convention.

The official program shows that the work of the five days will be divided into three parts. Friday there will be a memorial meeting for members who have died during the year. The rest of the day and Saturday will be taken up with reports from officers and committees showing how the field stands and what results have been accomplished since the convention at Buffalo a year ago. Monday the Temple discussion is to occupy the day, and Tuesday the national officers are to be elected. Thereafter until adjournment minor matters of business will be considered.

The enormous sales of "T. & T." brand coffee are principally among people who enjoy the best things of life and will not have an inferior grade.

Health Conditions of Manila. Washington, Oct. 31.—The report of deaths among our troops in the Philippines received at the war department does not show a material increase in the number of fatalities, and the sanitary situation is regarded as encouraging.

ELECTION NOTICE.

TO THE ELECTORS OF ROCK COUNTY:

Notice is hereby given that a general election is to be held in the several towns, wards and election precincts in the county of Rock on the eighth day of November, 1898, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose names have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation each in its proper column, and the questions submitted to a vote are stated below:

OFFICE OF COUNTY CLERK.
October 31st, 1898,

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot the voter must retire, alone, to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. (If it be a general election these words are to follow: The voter, if he wishes to vote for all the candidates nominated by any party, should make a cross mark, X, under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked and having no other mark, will be counted for all the candidates of that party in the column underneath, unless the names of some of the candidates have been erased, or a cross mark be placed opposite the name or names of candidates in another column, and will be counted for all names written in lieu of one erased. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark, X, after the name of each candidate he desires to vote for.) If he wishes to vote for a person for a certain office whose name is not on the ballot he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes time is allowed in booth to mark ballot. Unofficial ballots or memorandum, to assist the voter in marking his ballot, can be taken into the booth and may be used to copy from. The ballot, must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks, on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability, he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter, and if he declares that he is totally blind he may be assisted by any person chosen by him from among the voters of the county. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are, for example, as follows:
